Any problems or concerns we have had ( this goes back more than 20 years) about our dogs has always been taken care of promptly, carefully and successfully by the Doctors and or the staff. There has also been a strong element of kindness in the manner in which they deal with my pets and me. VERY appreciated by both !

As always, the Roslyn Greenvale Veterinary Group went above and beyond for my family and my dog. My husband and I have been using this veterinary group for about 8 years and are always impressed by their care and patience with our dogs. We recommend this group to everyone we know with a pet. This veterinary group has been so kind to us over the years and we are so thrilled to know our fur-babies health is in the best hands!

My dog does not care for baths, he deems them, " fine for every other animal but not for me1" So when it becomes necessary for him to have his bath I am sure he spends his time thinking of every way to make it difficult for the staff to do their job. When I arrive to pick him up his attitude is "OK, I did my best to give everybody a hard time." He looks and smells great and the staff has, again, done a great job and they are most pleasant and helpful to boot.

Another great visit with Dr. May and my kitty, Sundae. I have been bringing my kitties, Pumpkin and Sundae to see Dr. May for 12 1/2 years and would never go to another veterinary group as Dr. May provides excellent care and proves each time that he truly cares for my kitties. In addition, he is wonderful explaining everything in great detail. Dr. May is the BEST! I would also like to mention that Ashley who assists the doctors does a great job .....one of my kitties is quite a handful.

Dr. May and Dr. Marder are two of the most knowledgeable veterinarians in diagnosing and treating your pets. They are also very compassionate, follow up with phone calls, and genuinely concerned about your pet's wellbeing. The office staff and vet techs go above and beyond to make sure your pet is comfortable. Phone calls made to speak with the doctors are always returned in a very expedited manner. I wouldn't put my trust in any other veterinary hospital.....RSVG is the best!

I really have great respect for you guys as Kelly is the 3rd Golden Retriever I have owned and you have been my vets. However- after boarding her this time, she came home with scrapes/abrasions rather severe on her elbows. Nobody said anything to my husband when he picked her up. He noticed the wounds at home and called you. He was told that these were caused by her sleeping on concrete and that next time we should "ask for a cage". WHAT!... Very upsetting to me.- Jill McCarney

Dr. May knew exactly what the problem was with our dog just from my describing the condition to him. After his excellent examination of our dog he gave us multiple treatment options and explained each of them thoroughly. He wanted to get an EKG to check our dog's pacemaker, which was not related to why we brought our dog in, so he didn't even charge us for the study! He spent a long time with us both explaining our dog's condition and being a compassionate and empathetic physician. I would recommend Dr. May and his staff highly without any reservations to anyone with a pet that they love!

When my rabbit needed an ultrasound this hosp was one of the only that would be able to see me asap my mind was put at ease and allowed me to be present for the ultrasound as a courtesy I work as an LVT. He was able to give me the option for sx at the other hosp where he preforms sx which was closer to where i lived. There is no better Veterinarian than Jon May DVM. He is so caring and kind, and does a wonderful job keeping my dogs healthy. I brought my small dog in for a full dental , which unfortunately entails anesthesia, and it was done perfectly and with as little trauma to her as possible. I picked her up a few hours later and was given a full set of discharge instructions. It was overall a perfect experience.

We have been going to Roslyn Greenvale Veterinary group for approx. 20 years, initially with our first dog, Questo, and now with our second dog, also named Questo. Our experience over these many years has always been positive. The staff was always kind and caring. We love Dr. May. When we lived in DC our Questo was boarded in DC kennels at various times. He was bitten and came home sick on various occasions! That never happened once in all these many years boarding our dogs (past and present) at Roslyn Greenvale Vet Group.

listen. they have been very supportive when I have lost elderly dogs who of course are family members. I don't have experience with other vets, except for specialty vets since I have been going there for so long. My only comment but I don't know about other vets is that sometime they are a bit pricey. But again, I have nothing to compare. i would recommend Roslyn Greenvale.

We needed to make an emergency appointment as my cat Tiger was ill and needed medical attention. We were able to get an appointment a half an hour after the call and were seen promptly upon arrival. Thankfully all that was needed is antibiotics and a pain killer. Tiger is now returning to normal.

I always enjoy going to see the friendly staff, and "Zeus" the cat here!!! Dr. May is a wonderful and caring Dr. He is gentle with his patients and always greets them with a warm hello. All of my pets have been a patient of his for the last 15 years and I have full confidence in him. The office is kept immaculately clean, efficient, and they are very punctual with appointments. Although if there is a short wait is is actually enjoyable to hangout with the friendly staff, watch the flat screen tv. But my favorite is when I am lucky enough to get the opportunity to see Zeus, the locking 25 lb. office cat who purrs like a Porsche car motor. They adopted him when he was quite young I want to stay and hang with him for hours. Roslyn Vet Group helps homeless animals as well They are warm and loving to every type of animal and pet and I would never stray from them !!! They are the best you will find !!!

Dr. May spent a lot of time with my husband and I explaining the different treatment options available for our dog. We used this practice years ago for my cat and recently switched back for our dog. Our pets have always received excellent care in this practice. Both Dr. May and Dr. Marder are extremely knowledgeable.

I feel very fortunate to have found the great Dr. May. I have been going to him with my two cats (Sundae and Pumpkin) for almost 10 years and he is superb, truly the best. I also appreciate that Dr. May explains everything in great detail...I feel like I learn a new chapter about cats every time I go as he is so knowledgeable. Any issue that has come up with my cats, he has promptly treated and it has always been the right call. My cats are in great shape. I would also like to mention that Eric who assists the doctors does a fantastic job....one of my cats is a bit of a terror but Eric is great at handling her. He is friendly and you can tell he loves animals. The other assistants and receptionists are wonderful. I would not go anywhere else!

I just cannot say enough about Dr. May and all the staff at Roslyn Greenvale Vet. They've been treating my dogs for almost 6 years now, starting with an emergency visit for my oldest dog on December 26, 2008. The office is warm and friendly, the techs truly love the dogs, and Dr. May is incredibly knowledgeable and thorough with my babies. We now live in the city, but I continue to bring the dogs out to Roslyn Greenvale. I simply can't imagine ever finding better care for them.
